

**DIOCESE OF BETHLEHEM
AUDIT PROCEDURE**

ANNOTATED WORKBOOK FOR AUDITORS

The pages that follow have comments, guidelines, and suggestions for the questions of the Audit Procedure that has been authorized for use in this Diocese by congregations. This annotated workbook is intended to help a non-accountant who is conducting the audit. The workbook may also alert an accountant who is not familiar with The Episcopal Church to certain matters pertaining only to Episcopal congregations.

Why an Audit is Required and Beneficial

1. **We want to be sure that there is financial transparency.** When the finances are accurate, transparent, and accessible, the congregation builds confidence and congregational giving increases.
2. **We want to be sure that there is compliance with the laws.** For example, you should make sure that all matters dealing with payroll taxes and filings are being properly done. You should make sure that all compensation paid to employees, including any bonuses or extra compensation for weddings, funerals, etc., are included in the W-2.
3. **We want to be sure that there is compliance with the Canons of the Episcopal Church and of the Diocese of Bethlehem.** For example, was the parochial report filed in a timely fashion, and was it completed in accordance with the instructions? Can you tie the year-end report of income and expenses to the parochial report? Are all the organization's accounts included in the audit in accordance with the Canons?
4. **We want to be sure that the Vestry is fulfilling its fiduciary responsibilities.** For example, does the Vestry receive full financial information? Are the buildings adequately insured? Is all debt accurately disclosed on the balance sheet? Is there a budget? Are Vestry and committee minutes preserved? Does the Vestry approve major expenses and note the receipt of major gifts? Is there a full report to the Annual Meeting?
5. **We want to be sure that basic bookkeeping is being kept up to date and that adequate internal controls are in place.** For example, are all the bank accounts reconciled regularly? Is there proper documentation for disbursements? Are the contributions records adequate? Is investment activity properly recorded and reported?

The auditor may certainly do more than is required by these procedures.

Following are the questions for the Audit. Notes have been added when the questions are not self-explanatory. In every case in which you cannot answer a question with an unqualified "yes," you should make an explanatory comment. In most instances when you cannot answer "yes," you will want to recommend to the parish leadership that changes be made so the answer next year can be affirmative.

Items Needed for Audit

The following items need to be available in order to complete the audit:

Administration

These questions relate primarily to the administration of the church and various procedures that should be in place. The senior warden, priest-in-charge, treasurer, or a member of the vestry should be able to answer these questions. The bookkeeper may not be able to answer these questions.

1. Are the audit reports for previous years available to the auditors?

Check with diocesan office for the report prior to doing audit

Yes	No	N/A	Comments

2. Have recommendations from previous years' audits been implemented?

Please note on the Comments page whether the congregation has taken steps to implement previous recommendations from auditors.

Yes	No	N/A	Comments

3. Are Vestry minutes for the year being audited available and complete?

Where are Vestry minutes stored?

Yes	No	N/A	Comments

4. If a Finance or Investment Committee is authorized to expend or invest funds, are there minutes of such committee meetings and are they complete?

You should see at least all minutes from November of the year before the year being audited through the first months of the year after the year being audited. For example, the budget may have been approved in December of the previous year. The cleric's housing allowance resolution should have been adopted before the beginning of the year in which it was paid.

Yes	No	N/A	Comments

5. Review the minutes of the Vestry and such Finance/Investment Committees.

- (a) Was the budget approved by the Vestry?

- (b) Was the housing allowance resolution voted on prior to being paid?

Yes	No	N/A	Comments

6. Does the Vestry receive Financial reports at every meeting?

Diocesan Canon (II.3.1.C.1.d) requires a report of the assets of the congregation and an income and expense report of the operating fund at every meeting and, as directed, a report of the income and expenses of other funds.

Yes	No	N/A	Comments

7. Was the Parochial Report for the audit year filed prior to the due date? (March 1)

Yes	No	N/A	Comments

8. Insurance

a. Is a copy of the current policy with coverage in appropriate amounts available for:

- i. Property & Liability
- ii. Workers' Compensation
- iii. Automobile (if applicable)

b. Are premium payments up to date?

c. Is the insurance with Church Insurance?

Yes	No	N/A	Comments

9. Is there any current or threatened litigation involving the congregation?

Find out about any cases where papers have actually been served and any cases that are threatened. Does the parish have appropriate legal counsel? Have there been timely communications with the insurance carrier about cases covered by liability insurance?

Yes	No	N/A	Comments

10. Is there a space use agreement and insurance certificate for each outside organization using church facilities?

Examples of these can be obtained from the diocesan office. In lieu of an insurance certificate, a letter of indemnification is acceptable for individuals and unorganized entities.

Yes	No	N/A	Comments

11. Is the congregation in compliance with Title II, Canon 4 of the Diocese of Bethlehem?

This canon refers to compliance with the Manual of Business Methods in Church Affairs, including the maintenance requirements of official books, records and reports and the preservation of such documents in approved locations using proper retention methods.

Yes	No	N/A	Comments

12. Have staff and volunteers completed SafeChurch training as required?

See the current editions of the Diocesan SafeChurch Policies. All clergy, lay employees, officers, members of the vestry, Sunday school teachers, and volunteers supervising youth activities need to have completed the training. Also Pennsylvania law requires that clearances are necessary for employees and volunteers who work with or come into contact with children. The law also requires that employees and volunteers are considered mandated reporters of suspected child abuse. <https://www.diobeth.org/congregational-resources/parish-management/safe-church/>

Yes	No	N/A	Comments

13. Review procedures and control of plate collections, other cash receipts and deposits.

Do these systems provide adequate controls?

More than one person should be present when the Sunday offering is counted and deposited.

Normally the person who records the individual contribution records should not be the same person who reconciles the bank statement. No one should be cashing checks into the offering. The entire offering should be deposited. Cash from the offering should not be used to make reimbursements or replenish petty cash.

Yes	No	N/A	Comments

14. Are contribution statements sent out at least twice a year? Do the statements show the pledge balance?

Yes	No	N/A	Comments

Bookkeeping

These questions relate primarily to the bookkeeping and fair reporting of the financial affairs of the congregation. An officer of the congregation may be able to provide the answers to these questions but the presence and knowledge of the bookkeeper will most likely be required.

15. Is balance sheet information prepared at least annually for the Vestry and congregation?

Especially if the bookkeeping system is manual, it is very possible that no full balance sheet is ever prepared. However, the information a balance sheet contains should be given to the Vestry and the Annual Meeting. Assets include the total in all checking and savings accounts, the total in all CD and investment accounts, and amounts the parish is owed. Liabilities include the outstanding principal of all loans, leases, mortgages and indebtedness and all accounts payable and payroll and sales taxes payable. Under the provisions of our Canons and the Laws of the state of Pennsylvania, the Vestry must receive a full report of all the parish finances at least annually.

Yes	No	N/A	Comments

16. Did you examine the annual financial report to the Annual Meeting?

The report to the Annual Meeting should include a full report of all funds held in the name of the congregation. This includes funds held by all organizations, such as the Episcopal Church Women, etc.

Yes	No	N/A	Comments

17. Compare the annual report to the Parochial Report. Are **all** amounts entered on the parochial report in accordance with the parochial report instructions?

Yes	No	N/A	Comments

If inaccuracies are noted, please make sure these problems are addressed when completing next year's Parochial Report.

Yes	No	N/A	Comments

18. Are workers properly classified as either employees or independent contractors?

*In general, employees are those who work set times at the employer’s location using tools and materials supplied by the employer. Independent contractors are hired to do a job, for example to write a curriculum or put on a new roof. The employer does not set their daily work schedule, and they do not use the employer’s tools and materials. Independent contractors usually submit invoices for their work. Independent contractors are **never** compensated for times they do not work—an independent contractor does not receive vacation or sick pay. Check with the diocesan finance office if there are questions. It is important to classify people correctly; the Social Security Administration wants the employer’s share of the payroll tax to be paid. The PA Department of Labor and Industry also wants to know that people are properly classified as employees. The rule is that an individual is to be considered an employee and receive a W-2 unless they meet the tests to be classified as a contractor.*

Yes	No	N/A	Comments

19. Are 1099s issued to independent contractors who made more than \$600?

Yes	No	N/A	Comments

20. Do payroll records indicate that filing requirements were met and that withheld taxes & all employer taxes were properly calculated and remitted?

No congregation should be doing payroll in-house. The penalties are too severe if a filing deadline is missed. Encourage congregations to make the payroll and the responsibility for tax filings the responsibility of an outside commercial payroll service.

Is Housing properly treated for tax purposes? And is FICA properly captured in payroll?

Do the salaries authorized in the budget match the amounts actually paid?

Was all compensation, including any bonus, reported on the W-2?

Yes	No	N/A	Comments

21. Examination of **ALL** assets.

For each and every asset of the congregation and all of its organizations, please use the Asset Worksheet table below to answer all questions. Make a copy of this table for each asset that has been audited.

*You need to stress that **all** checking, savings and investment accounts in the name of the*

church must be examined (as well as any Petty Cash Funds).

ASSET: XYZ CHURCH CHECKING ACCOUNT	
Audit Question	Comment
<i>(see comment and discussion below)</i>	
Has this asset been properly shown in the Parochial Report?	
Has this asset been properly shown in the report to the Annual Meeting?	
What was the year-end balance of this asset? <i>If the balance changed significantly from the previous year, comment on this change.</i>	
If this asset is an investment account, was this reviewed/discussed with respect to risk and rate of return?	

*Examine the documentation supporting 10% of all checks written in a year from a sampling of two to four months of the year. Look at large one-time expenditures, checks made out to individuals, and some from regular vendors. There should be an invoice (not a statement of account) that describes what was purchased. If it is a bill for office or maintenance supplies, for example, there should be some indication on the invoice that the items were actually received. Make sure a tax exempt certificate is on file and used for purchases. Check for any sales tax payments An extraordinary item should refer to Vestry approval. If a copy of the check is not attached to the bill, the check number and date paid should be written on the bill. Payments to individuals need to be properly documented with receipts, mileage forms, etc. **Checks or ACH transactions should not under any circumstances be made out to Cash.** For example, checks to replenish the petty cash fund should be made out to the person who cashed it: **Mary Jones/Petty Cash.***

22. Have all mileage reimbursements followed IRS guidelines?

- a. Miles being reimbursed DO NOT include the regularly scheduled commute between work and home.
- b. The correct IRS standard business rate is used to calculate the reimbursement amount.
- c. Are any volunteers being reimbursed? Purpose of travel? Business rate or volunteer rate?

Mileage Rate being used \$ per mile

23. Is the accounting system used adequate and properly maintained?

This is a wide-open question because all kinds of systems are in use. Take the opportunity to see if a computerized system is possible.

All financial records should be kept in accordance with The Manual of Business Methods in Church Affairs, Title II, Canon 4, of the Diocese of Bethlehem.

Please gather and list details of what type and version of computer equipment and software the organization is using or whether they outsource their financial services.

AUDITORS RECOMMENDATIONS & AUDIT REPORT PROTOCOL

Note below each question above and/or in a separate letter any recommendations about needed improvements in systems or controls. Anything included here should be discussed with the congregation's leadership.

If you note things that you think should be improved, discuss them with the clergy and financial

leaders before including them in this report. The recommendations you make should not reflect just your preferences, but should be items where:

- 1) laws are being violated (e.g., not issuing 1099s or W-2s as required by law; failing to include taxable items purchased with discretionary funds on a W-2); or*
- 2) Church Canons are being violated (e.g., not including organization accounts and alms funds in the audit, improperly filling out the parochial report).*
- 3) A congregation is failing in its fiduciary responsibility (e.g., not reporting regularly to the Vestry, not having a budget, being inadequately insured); or*
- 4) Basic bookkeeping matters are not attended to (e.g., bank accounts not reconciled, no documentation for checks, inadequate contributions records).*

Submit the completed audit report along with a copy of the **Balance Sheet** and the year-end **Report of Income and Expenses** for all accounts to:

The rector or priest-in-charge, senior warden and the vestry of the congregation

When possible, meet with the vestry to present this report

Remind rector or priest-in-charge and vestry to send audit report and vestry responses to recommendations within 60 days of receipt of final audit report to

Episcopal Diocese of Bethlehem
333 Wyandotte Street
Bethlehem, PA 18015

The auditor also reports the completion of the audit to the finance committee.

If you have questions or need information, please contact the head of the parish audit team, Joan McDonald (joan.b.mcdonald@gmail.com) or the treasurer, Libby House (ehhouse@yahoo.com).
