

PARISH INDEX CALCULATION

All the figures are pulled from the parochial report. For the current parish index, you will use your most recently submitted parochial report.

People Index

Average Sunday Attendance + Easter Sunday Attendance = Total Attendance

Divide by 2 = Average Attendance

+ Number of Pledges = Total Attendance & Pledges

Divide by 2 = People Index

Financial Index

Plate, Pledge and Regular Support + Operating Expenses* = Total Operating Income & Expense

Divided by 2000 = Financial Index

Parish Index

People Index + Financial Index

<u>Parish Index</u>	<u>Parish Size</u>	<u>Clergy Salary Range</u>
1 – 99	Small	Approved by
100 – 249	Medium	vote at
250 – 399	Large	Diocesan Convention
400 – Above	X – Large	

*Operating Expenses includes diocesan assessment/acceptance + outreach from operating budget + all other operating expenses
